

OUR INVITATION ~

Lemonhass has determined to provide a complete and Christian homeschool curriculum for Spanish speaking, home educating families. Our program is Christ centered and has a firm foundation in quality literature. Using our program your whole family will enjoy learning together!

One *Lemonhass* Unit is a basic package containing the materials necessary to teach one child for one full academic school year. Each unit comes with an easy to follow, step by step teacher's guide, student books and materials for you to confidently teach your child. In addition we offer suggested materials and reading for each grade that you can add on to your unit for a more complete learning experience.

The *Lemonhass* Homeschool Curriculum costs less, takes less time and we believe it will be more enjoyable for your child than a normal day in public or private school. As a result your child can learn more under your specialized teaching than in a traditional school setting.

We are so sure that the *Lemonhass* Homeschool Curriculum will be a great experience for your family that we even offer a guarantee!
